THE TOWN OF RUTLAND IS UPDATING ITS COMPREHENSIVE PLAN.

This document will guide development, housing, businesses, land preservation, services and more for the next 20 years.

The more thoughtful and knowledgeable input we receive, the more successful this effort will be. Please help us get a high response that really represents the community!

This is your opportunity to express your ideas about how and where Rutland should grow, what should be preserved or protected in our community, what resources we have and need, and what problems need to be addressed.

Visit
