## Background

The Town of Rutland is updating its Comprehensive Plan, the document that will guide development, housing, businesses, land preservation, services and more for the next 20 years. Rutland’s comprehensive plan is the basis for land use and planning within the Town.

## Updating the Plan

Rutland’s current Comprehensive Plan was adopted in 2007 and, according to State Law, is due for revision. A community task force is working with the Town Board and Capital Area Regional Planning Commission to update the Plan in 2025. The updated plan will define the Town’s values, goals, and vision for the future to guide policies, regulations, and development decisions for the next two decades.

## Share Your Ideas

The Town of Rutland is currently conducting a survey to gather community input for the Comprehensive Plan update. The more thoughtful and knowledgeable input we receive, the more successful this effort will be. Please help us get a high response that really represents our community!

## Other Ways to Participate

- Open house event (Spring)
- Survey #2 (Spring)
- Public information meeting (Fall)
- Public comment period (Fall)
- Public hearing (Q1, 2025)

## Update Timeline

The update process will begin with gathering public input to understand community priorities and compiling current data and information. This summer, the planning team will use the input collected in the winter and spring to update the plan and develop recommendations. Adjustments will be made to the plan this fall before it is finalized and adopted in early 2025.
